Curriculum Vitae

Personal Information

Surname: Intzes
Name: Stergios
Date of Birth: 30 September 1983
Place of Birth: Drama, Greece
Nationality: Greek
Email: sintzes@mst.duth.gr , instergios@gmail.com

Academic Qualifications

- PhD in Medicine (2018 – 2023)
  Democritus University of Thrace, Faculty of Medicine, Alexandroupolis
  Thesis: Real-World Data in Multiple Myeloma: Comparing Therapeutic Strategies by Nationality, Socioeconomic Status, and Other Epidemiological Parameters Through Survival and Factorial Analysis.
- MSc in Biomedical Research Methodology, Biostatistics, and Clinical Bioinformatics (2017 – 2018) University of Thessaly
- MSc in Theoretical Computer Science and Systems and Control Theory (2007 – 2008) Aristotle University of Thessaloniki
- BSc in Mathematics (2001 – 2006)
  School of Sciences, Department of Mathematics, Aristotle University of Thessaloniki

Certifications

- Meta-Analysis of Epidemiological Studies with Practical Application in Computers, National and Kapodistrian University of Athens (2019)
- Statistical Meta-Analysis Using R, Athens University of Economics and Business (2019)
- Applications of Descriptive Statistics Using SPSS, University of Piraeus (2019)
- Certified Adult Educator, National Organisation for the Certification of Qualifications & Vocational Guidance (EOPPEP)
- Training of Career Counseling Professionals, University of Piraeus

Languages

English: Good command (written and oral)

Teaching Experience

2024 – 2025
Democritus University of Thrace, Department of Management Science and Technology
Courses: Quantitative Methods in Economics and Management II, Mathematics and Operations Research (Mathematics II and Mathematical Programming)

2016 – present
Intzes Mathematics Tutorial School

2016 – present
Philippos Vocational Training Center (KEK)

2017 – 2018
Public Vocational Institute (IEK) of Drama – Courses: Statistics I, Statistics II

2018 – 2019
Public Vocational Institute (IEK) of Xanthi – Courses: Mathematical Economics I, Statistics I

2019 – 2020
Public Vocational Institute (IEK) of Xanthi – Courses: Mathematical Economics II, Statistics II

2020 – 2021
Career Counseling and Guidance Office – Theodora Katranitsa

Professional Experience

2023 – Europroodos Educational Group, IKE
2016 – present – Intzes Mathematics Tutorial School
2016 – present – Philippos Vocational Training Center (KEK)
2009 – 2017 – MetroStat Research (Public Opinion and Market Research Office)
2007 – 2008 – Papadopoulos–Dimkas Private Tutorial School
2008 – Vitopoulos Private Tutorial School

Publications

1. Does the Simultaneous Introduction of Several Pharmaceuticals in the Post-Lenalidomide Era Translate to Better Outcomes in Relapse Refractory Multiple Myeloma? Findings from the Real-World Innovation in Multiple Myeloma (REAL IMM) Study
2. Reproductive Failure and Thrombophilia: Not Enough Evidence for a Tight Bond.
3. P-wave Duration and Interatrial Block as Predictors of New-Onset Atrial Fibrillation: A Systematic Review and Meta-Analysis
4. Socioeconomic Status is Globally a Prognostic Factor for Overall Survival of Multiple Myeloma Patients: Synthesis of Studies and Review of the Literature
5. P-wave Duration and Atrial Fibrillation Recurrence after Catheter Ablation: A Systematic Review and Meta-Analysis
6. Hold Your Needles in Women with Recurrent Pregnancy Losses with or without Hereditary Thrombophilia: Meta-Analysis and Review of the Literature
7. Diagnostic Comparison of Electrical Impedance Spectroscopy with Colposcopy and HPV mRNA-Testing in Predicting CIN2+ in Women in Greece
8. How to Improve RCHOP as Frontline Therapy for Diffuse Large B-Cell Lymphoma: A Systematic Review and Meta-Analysis of 21 Randomized Controlled Trials
9. The Diagnostic Accuracy of Electrical Impedance Spectroscopy-Assisted Colposcopy, HPV mRNA Test, and P16/Ki67 Immunostaining as CIN2+ Predictors in the Greek Population
10. Socioeconomic Status Is an Independent Prognostic Factor for Overall Survival in Patients with Multiple Myeloma: Real-World Data from a Cohort of 223 Patients
11. The Impact of Atherosclerosis on Cognition and Disability in Multiple Sclerosis Patients: The ATHUS Score
12. Analyzing the Relationship among Cryptocurrencies Using Complex Networks
13. Retrospective Study of Aspergillosis in Juvenile Falcons in the United Arab Emirates: Prevalence and Effect of Hybridization
14. ICU Readmission and In-Hospital Mortality Rates for Patients Discharged from the ICU — Risk Factors and Validation of a New Predictive Model: The Worse Outcome Score (WOScore).
15. Siltuximab monotherapy improves progression free survival compared to rituximab-based therapies in patients with idiopathic multicentric Castleman disease; indirect comparison of studies using single-arm metanalysis method and the generalized linear mixed model
16. Hans-Based Cell of Origin Is Not of Prognostic Significance in Diffuse Large B-Cell Lymphoma Patients: A Retrospective Single-Center Study Conducted in 326 RCHOP-Treated Patients
17. P-wave duration and interatrial block as predictors of ischemic stroke: a systematic review and meta-analysis (https://doi.org/10.1093/europace/euae102.656)
